

The Mary McAllister Annual Memorial Scholarship

For those of us who were fortunate enough to work with and get to know Mary McAllister, she was an inspirational person who only knew kindness and compassion. Mary passed away on October 17, 2018 but her spirit lives on through her family, friends and in her athletic training community. We see glimpses of her in everyday life and in those that display love and generosity to others without thought of one's self or personal gain. This scholarship was created to reward young professionals that show the same passion for caring as Mary and to help those students move forward in their dreams. A one-time \$1,000 scholarship will be awarded to the senior high school student who best represents Mary and her legacy that she leaves behind.

The Mary McAllister Memorial Scholarship is administered through the McAllister family and Palmetto Health USC Orthopedic Center (PHUSCOC) and is sponsored by the PHUSCOC's Annual Charity Golf Tournament. The requirements include:

- High School Senior accepted/applied to a college of their choice and declared to a health care major
- Minimum GPA requirement of 3.2 according to the SC Uniform Grading Scale
- Completed scholarship application information sheet
- Submit a Resume (include work, education, extracurricular activities, etc...)
- Submit 2 references (1 ATC/1 character reference delivered directly from references)
- Submit application with Cover Letter describing yourself and why you aspire to be in the health care profession
